RESEARCH EXPERIENCE

Topic: *An Anonymous Authentication Scheme for Mobile User Roaming in Networks*

At Chinese Culture University Taipei, Taiwan 2016 - 2017.

- Tried to explore the security from previous research and how it presented an authentication scheme with anonymity for roaming service.
- Organized and analyzed useful data, records, and relative articles in order to undergird my main position of the thesis.
- Proposed a novel authentication scheme.
- Overcame the scheme was efficient, secure, and suitable for mobile devices in mobility networks.
- Provided possibilities to explore further in the prospective researches in graduate school.
